

## Use of the MWF feature catalog

Catia V5 data, which MWF features contain, can be passed on suppliers and customers, even if these do not possess the MWF software. These suppliers / customers can only see, not work on the MWF features. In order to be able to see the MWF features, the following proceeding is necessary:

- Download of the MWF feature catalog, thus the file "MWFBoreCreateCatalog.CATfct" of the moldware homepage
- This file must be copied in the used Catia installation into the following file:
